Forrest K. Maynard
Complete Drywall and Painting

To Whom It May Concern:

Forest Maynard offers an "Affordable Alternative" to acoustical sprayed ceilings with a touch of class.

Forest recently removed the acoustical spray from the ceilings in my entire home (approximately 2,200 square feet) and constructed plastered ceilings with various designs and texture.

His affordable alternative provides the following:

- ◆ Comparable or lower cost than acoustical spray.
- ◆ Various unique ceiling designs to enhance individual rooms and compliment the decor.
- ◆ Ceilings that are easily cleaned.
- ◆ Ceilings that can be repainted in the future.
- ◆ Cost savings of not having to have acoustical ceiling resprayed.

Forest provided a service and product on time and within budget in an efficient and workmanlike manner.

He strives to provide the client with an end result product that is very satisfactory.

He has been honest and trustworthy and has provided us with a very satisfactory job. His continuous neatness and clean lines throughout our project was excellent and required minimal cleaning on our part.

I highly recommend Forest Maynard and his services to any client looking for satisfaction.

If you have any questions on the above you may call me at 722-0547 (work) during the day or 721-3508 (home) in the evening.

Sincerely,

Frank D. Pickar, P.E.

Dear Forrest-

I would like to thank you once again for your professional service you have given us. I would also like to give you this letter as a letter of reference. If you would like to share this with any of your clients, I certainly would have no objections.

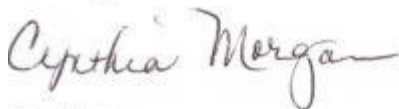

First of all I would like to say that your professional is much appreciated. My husband and I have had several houses and have used many different drywall contractors. Out of all , your work ethics and abilities are outstanding. You don't find pride in craftsmanship very often. You are one of the few left.

Your artistic abilities are also up and beyond any others we have hired. Not only do you texture, but you have very unique designs. This being why we have had you back more then once. Not only for our home but also when I bought the old building for my business. I knew that the only one I would want to finish my walls would be you.

I have and will continue to refer you to anyone I come in contact with that would be needing your services. From a \$10,000 house or business to a \$1,000,000 house or business. Being a business owner, I do not always feel comfortable referring people to others as my name is on the line. But, in your case I feel very confidant in referring people to you.

Once again, thank you for helping us out. If you ever need for someone to contact us for a reference, feel free to give them our name and number and we will be glad to talk with them.

Sincerely,

Cynthia Morgan

Dear Forrest:

We would like to take the opportunity to thank you for the fine job you have done repairing and re-texturing our ceilings in three of our bedrooms. As you know, we were extremely discouraged having a brand new home and then being faced with the truss problems that caused our ceilings to lift. Your expertise and craftsmanship have remedied our problem, and we are thankful to you. Our only wish is that you would have been a part of the original construction of our home.

We look forward to a continued relationship with you; if you are ever in need of a reference, please let us know. You are an artist, and we are pleased you are keeping a lost art alive so people can enjoy your work for years to come. You are a reputable businessman and should take pride in what you do.

Best wishes,

Lisa + Wade Roseth
